

Strengthening Collaborative Education using E-Learning Technologies

Creating a Knowledge Exchange Community
of Learners and Educators to Improve the
Mental Health of Canadians

SEPTEMBER '07
NEWS BRIEF

Connecting you to the most up-to-date information related to interprofessional
education & collaborative mental health care practice.

Project News:

We are currently hosting two types of FREE, e-learning interprofessional experiences, available to beginner and advanced learners.

- Our 90-minute teleseminars offer a basic introduction to interprofessional education and collaborative mental health care. Remaining session dates: [Sept. 20, Oct. 1 & Oct. 16](#).
- Our 120-minute webinars use a 'train-the-trainer' format to teach future facilitators how to implement the CCMHI Education Toolkit activities in their practice or learning setting. Remaining session dates: [Sept. 13 & Oct. 10](#).
- To date, we have engaged over 50 participants from across Canada, representing primary and mental health care providers, consumers, family members, educators and policymakers!

What Are People Are Saying About Our CE Sessions?

- "Amazing effort. Excellent communication and support from staff. Well written in clear language. The best job I have seen in distance learning in a long time...my 20 years in the field!"
- "I was supportive of interdisciplinary training, now I have tools to incorporate in the work!"
- "As a result of attending the session, I have greater awareness of the complexities faced by workers and clients."
